

## Laura Riistaniemi

I'm a third year computer science student based in Joensuu, Finland. I'm enrolled in University of Eastern Finland, and plan on continuing to my masters degree after getting my bachelors.

My minors are linguistics and economic science.

I'm interested in UI/UX, Design and computational linguistics

	Writing	Speaking	Reading	Listening	Overall level
<b>Finnish</b>	Native	Native	Native	Native	Native/C2
<b>English</b>	Advanced	Advanced	Advanced	Advanced	Advanced/B2

# Laura Riistaniemi

I enjoy reading, painting, and playing video games.

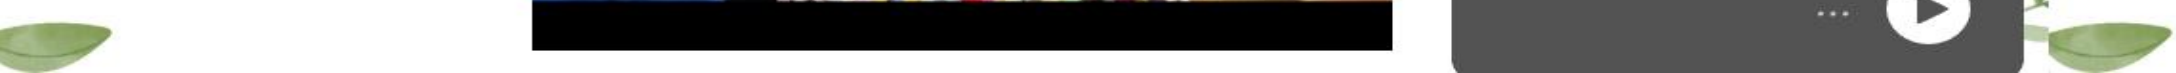

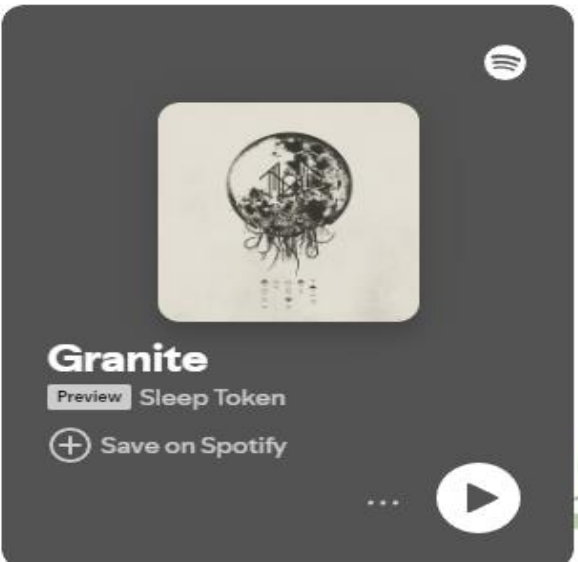

I like to play immersive video games such as Genshin Impact and Hogwarts Legacy. I have always liked to read fantasy books, but nowadays enjoy a memoir gladly. Painting and drawing have been my joy for over a decade but owning two cats can get in the way of painting.

## My favorites:

My favorite tv show, The Nanny, is an american tv show from the 90s.

My favorite song from Sleep Token is Granite:
